

## **TECHNICAL BULLETIN**

### **Description/Features**

**SCL CRYSTAL SHINE** is designed to maintain the shine of a well condition marble floor at high traffic area without any hassle. Just spray and buff with “3M” Red polishing pad once a day. No water and wet/dry vacuum are needed.

### **APPLICATION PROCEDURES:**

- Put SCL Crystal Shine solution into a spray bottle. Shake well before use.
- Just spray and buff with a floor polishing machine running at 175rpm. Buff the floor daily, weekly or fortnightly.
- Preferable weight of machine is between 55 kg to 65 kg.
- Please be sure that the floor is dry before doing the Crystal Shine spray & buff process.

### **IMPORTANT NOTE**

- 1) Do not use Crystal Shine solution when the floor is damp or wet.
- 2) Do not over spray or spray a big circumference.
- 3) Recommended to diamond polish the marble floor once a year or 2 years once starting from grit #200 onwards. Diamond polish once a year could avoid pitting condition or yellowing that may occur to certain characteristics of stone.

### **First Aids:**

**If contacted with eyes and skin, flush with water for 15 minutes. Call a physician immediately.**
